

Working safely thanks to intelligent ideas

End hose accessories – see just how safe and clean concreting can be

It's often the little things that make life and work easier. This was precisely our aim when we developed the accessories for the end hose. The end result is many useful details, which we are certain you will no longer want to do without.

EQV valve

- Robust and flexible
- Pneumatically operated
- Closes reliably
- No metal parts, minimizes the risk of injury

Protective sleeve with Velcro fastener

- Lightweight and clean
- Easy to fit
- Minimizes the risk of injury at the coupling

Concrete brake

- More even, smoother flow of concrete
- No spraying
- Quick and easy assembly
- Suitable for end hoses with diameters of 100 mm and 125 mm
